SKILLS

Next.JS

SSG, SSR, ISR, API Routes, Middleware, dynamic routing, image optimization, TypeScript, and CSS/SCSS with performance and SEO best practices

Node.JS

Skilled in building scalable backend applications using Express.js, RESTful APIs, middleware, authentication, database integration, async programming, and environment configuration

Nest.JS

Experienced in building scalable server-side applications using modular architecture, controllers, services, REST APIs, middleware, authentication, and database integration with TypeScript

Typescript

Proficient in writing strongly-typed, maintainable code with interfaces, types, classes, generics, and seamless integration with JavaScript frameworks like React and Node.js.

Python

Proficient in writing clean and efficient code with OOP, data structures, file handling, API integration, and scripting for automation and backend development.

FastAPI

Skilled in building high-performance REST APIs with async support, Pydantic validation, dependency injection, authentication, and database integration using Python.

OpenAI Agents SDK

Experienced in building AI agents with tool integration, function calling, structured outputs, context management, and deploying agentic workflows in applications.

Docker

Experienced in containerizing applications, creating Dockerfiles, managing images and containers, networking, volumes, and deploying scalable environments for development and production.

Linux Administration

Apache2&Nginx server Configuration, SSH VM's, Networking, User management, File Management, Package Management, Process management, etc.

Cloud Platform

Demonstrated experience deploying and managing applications across cloud platforms like AWS, GCP, Azure

Git & Git Hub

Skilled in version control, branching, merging, pull requests, collaboration workflows, and repository management for team-based and solo projects.

React Native

React Native expertise including navigation, state management, API integration, push notifications, performance optimization, TypeScript, and responsive UI development.

Database

Experience working with both relational and NoSQL databases including PostgreSQL and MongoDB, with proficiency in SQL and ORMs such as Prisma and TypeORM.

Tailwind

Utility Classes, Responsive Design, Customization, Variants, Plugins, Grid, Flexbox, Spacing, Colors, Shadows, Borders, Animations, Containers, Breakpoints, Interactivity, etc.

Bootstrap

Grid System, Components, Utilities, Responsive Design, Breakpoints, Flexbox, Forms, Buttons, Modals, Navbar, Cards, Alerts, Tables, Pagination, Carousel, Spacing, Colors, Typography, Icons, Containers, Shadows, etc.
